Progress Reports/Report Card Information: Wednesday, November 4

This school year, students will receive either progress reports or report cards to note progress at the end of each quarter.

Progress Reports:

Students will receive teacher created progress reports, which will replace report cards, for both the 1st and 3rd quarters reflective of the blended learning model. Progress reports measure growth/progress in all areas of concentration while focusing on various skill sets/state standards.

Report Cards:

Report cards will be distributed to families at the end of the 2nd and 4th quarters of school.

New Staff Members:

Each year brings positive change, that includes the newest members to our staff. Mrs. Brianna Morgan as our newest gym teacher. We also want to include Mrs. Kristin Pishotti, although not new to the district, to the second grade team. Welcome to each of them as they support making a difference in the lives of students each day.

Water Bottles:

While water bottles are encouraged for students to bring to school each day, we ask that only water is contained in the bottles. Families are discouraged to fill bottles with sugar based items such as pop, gatorade, etc. Water refill stations are set up to refill bottles if needed.

Contact Information:

We ask that families please contact school if changes have been made to home addresses, phone numbers, and/or email addresses. Our district is committed to notifying parents of pertinent information in the various formats.

Upcoming Dates:

Friday, October 30-Staff Professional Day

- no google classroom/google meets
